

## Sticky Rolls (Monkey Bread)

18 - 24 frozen bread rolls (I prefer Bridgford Parker House Rolls)

4 Tbsp butterscotch pudding mix, dry (do **not** use **instant** pudding mix)

ground cinnamon to taste

chopped pecans, whatever amount you prefer

1/2 cup butter

1/2 cup packed light brown sugar

Place rolls in a well greased 10 — 12 cup Bundt pan.

Sprinkle with pudding mix and lots of cinnamon; sprinkle with pecans.

Melt butter and sugar in a small saucepan; let bubble a few seconds.

Pour sugar mixture evenly over rolls; cover pan with foil then a tea or dish towel.

Let stand, covered, on kitchen counter overnight.

Bake in preheated 350 degree oven for 30 minutes.

Turn out of pan immediately.

Notes: (1) If you have a small bundt pan, half the recipe.

(2) If you prefer more syrup, use 3/4 cups butter and sugar.
